Legislative Proceedings.

SACRAMENTO, March 8.

SENATE.—The Senate met at 10 o'clock, Mr. Tuttle, President pro tem., presiding.

On motion of Mr. Lewis, the Governor's veto on the Tehama county Academy bill was made the special order for Wednesday next.

Mr. Angney, for the Committee on Finance, reported back with their approval the bill authorizing the transfer of certain moneys to the San Francisco Harbor Improvement Fund.

Mr. Nunan, for the San Francisco delegation, reported back the bill to confirm and ratify a resolution of the Supervisors to pay John F. Swift $6,000 for services in defending the city against the Spring Valley Water Company, recommending its passage.

Mr. McCarthy moved to indefinitely postpone Laine's bill making pool-selling a misdemeanor, as men will bet on horse-races whether this bill passes or not, and since pool-selling has been inaugurated there have been less knives and pistols used on the race track than before. Laine said he had consulted most of the sporting papers, and they all deprecated the use of the pool-box, and that those gentlemen engaged in the improvement of stock desired to have it done away with, as the race was regulated by the pool-box. The bill was ordered engrossed by a vote of twenty ayes to sixteen noes.

BILLS INTRODUCED.

A bill continuing the power of guardians over minors until they attain their majority.

A bill authorizing the Harbor Commissioner to extend any streets to a width of one hundred and fifty feet along the water front, the State to pay for one half and the city and county jointly with property owners one-half, for construction.

A bill to prevent trespass of animals in El Dorado county.

A bill in relation to irrigation. [This bill requires that the Government shall appoint three persons to examine into the practicability of the construction of a canal to irrigate the lands of the west side of the San Joaquin. They shall examine and make a topographical reconnoissance of the country between Clear Lake and Antioch, and determine the extent and limits of the district which will be benefitted by construction of such canal, and the quantity of water available, and to make such charts and to furnish such information upon which to base intelligent legislation upon the subject.]

A bill to prevent catching fish by nets in San Antonio creek.

A bill to pay claims for labor and material used in the construction of the branch prison at Folsom.

A bill to repeal the trespass law in Tehama county.

Amending section 1750 of the Code of Civil Procedure, continuing the power of the guardian until the minor attains his majority. Referred to the Judiciary Committee.

Establishing a trespass law for that portion of El Dorado county. Referred to the Committee on Agriculture.

A bill amending the revenue law. The first point which came up for discussion was retaining the present section in the Code under which the Assessors collect taxes on personal property when making the assessments.

Mr. McGarvey supported repealing the section, arguing that it was unfair to make a man owning twenty head of cattle pay in March while real estate escaped until July.

Mr. Angney was in favor of retaining the present law, for, although it worked a hardship in a few cases, it prevented the State from losing a large amount of revenue.

Upon a call of the roll the present law was sustained by a vote of 22 to 12.

Mr. Laine's amendment was adopted striking out all the sections relating to the establishment of an elective State Board of Equalization. As thus amended the bill was ordered to engrossment.

BILLS PASSED.

Bill authorizeing Marin county to levy a road poll tax.

Bill authorizing the transfer of the swamp land fund to the general fund in San Mateo county.

Mr. Haymond's bill providing a revenue for the support of the Government.

Bill in relation to wagon roads in San Bernardino county.

Bill creating the Twenty-second Judicial District.

Bill reducing salaries of Justices of the Supreme Court and District Judges.

Bill providing for redemption of outstanding railroad bonds in Butte county.

Bill providing for Government of Sacramento county.

Bill repealing Chapter III of the Political Code relating to births, marriages and deaths.

An Act authorizing the Treasurer of San Francisco to pay certain warrants drawn in 1855.

An Act granting the Omnibus Railroad Company certain rights.

An Act authorizing the construction of a sewer on Second street, between Folsom and Harrison.

THE COMPROMISE BILL

For the completion of the City Hall was opposed by Mr. McCarthy, who thought it was imposing a heavy tax on the people, and that the building of a new City Hall was premature. He was opposed to the bill as were his constituents.

Mr. O'Connor—I would like to know how you propose to build this City Hall.

Mr. McCoppin—The bill provides for a tax of fifteen cents on each one hundred dollars for the next five years.

Mr. Nunan objected on the grounds that the Legislature attempted to appoint this Commission; that the County Judge could not legally hold a position on the Commission. He offered a substitute, and moved to refer the whole matter to the delegation.

Mr. McCoppin—That would be equivalent to saying to the people of San Francisco, "You shall have no City Hall."

The motion to refer was lost, and the bill was made the special order for to-morrow.

Adjourned.

ASSEMBLY.—The Assembly met at 11 A. M.

Mr. Coffey presented a petition from the Society of Pioneers requesting the Legislature to renew the annuity heretofore granted to General J. A. Sutter.

The Ways and Means Committee reported a bill to appropriate funds for orphan asylums of this State, with amendments, recommending their adoption.

The special Committee on Hydraulic Mining presented majority and minority reports. On motion of Mr. Berry the reports were made the special order for next Wednesday evening, and ordered printed.

The Committee on Public Expenditures and Accounts made a long report on the comparative expenses of the last two sessions and the present, which shows that the expenses of this session are $178 less than the expenses of the preceding session, and $6,709 less than the expenses of the nineteenth session.

The Committee on Public Morals reported a bill to incorporate the Society for the Prevention of Cruelty to children, recommended its passage.

The Sutter delegation reported a bill to legalize the taxes of Winship School District. The rules were suspended and the bill passed.

The Sacramento delegation reported a bill concerning government at Sacramento.

The Committee on Public Buildings reported that the Stockton Asylum had not used $13,000 of the last appropriation, and recommended an appropriation of $7,000, principally for grounds; also $8,000 for the Normal School for a well, pumping engine and repairs.

Mr. Maguire moved to refer the bill to pay the claim of Joseph Newman, the silk man, to the Committee of Ways and Means. Lost.

The bill to re-number and amend Section 52 of the Political Code in regard to salaries of School Superintendents, was taken up and passed under suspension of the rules. Superintendents receiving over $1,500, are not allowed to act as salaried teachers.

The bill to amend Section 117 of the Civil Code passed under suspension of the rules.

Mr. McKenna introduced a bill to amend Section 626 of the Penal Code.

Recess.

The amendment of the Assembly Ways and Means Committee to the appropriation bill for the Orphan Asylum reduces the allowance from $100 to $75 for whole orphans and from $75 to $50 for half orphans.

After remarks by Messrs. Clarken and Berry against and Murphy in favor, the Commissioner bill was laid aside and made the special order for Wednesday afternoon.

Mr. Kountz, according to previous notice, moved to reconsider the vote by which the Constitutional Convention bill passed yesterday, and proceeded to read a lengthy speech against the bill. At the conclusion of his speech, there being but few members in their seats, Mr. McKenna moved for the call of the House. A rush from the lobbies and corridors ensued before the motion could be put, rendering the call unnecessary.

The motion to reconsider, on motion of Mr. Scrivner, was indefinitely postponed. Ayes, 39; noes, 36.

BILLS INTRODUCED.

To add another section to the Penal Code to be known as section 718; to add another section to the Penal Code to be known as section 402.

Bills to suppress Chinese houses of infamy. Both referred to the Committee on Public Morals.

An Act to confer further powers on the Board of Supervisors of the city and county of San Francisco. [The bill authorizes the appropriation of $10,000 for the improvement of Jefferson Square.]

Adjourned.

POLITICAL ANNOUNCEMENTS.

For City Marshal.

I HEREBY ANNOUNCE THAT I AM A CANdidate for re-election to the office of City Marshal of Oakland. PERRY JOHNSON.

School Superintendent.

F. M. CAMPBELL HEREBY RESPECTFULLY presents himself as a candidate for re-election to the office of Superintendent of Public Schools of the city of Oakland.

For City Attorney.

HENRY VROOMAN OFFERS HIMSELF AS a candidate for the office of Attorney of the City of Oakland.

For Police Judge.

A. H. JAYNE OFFERS HIMSELF AS A candidate for re-election to the office of Police Judge of the city of Oakland.

For Police Judge.

THE MANY FRIENDS OF JUDGE ASA Howard, of East Oakland, hereby present his name as a suitable candidate for the office of Police Judge, subject to the decision of the citizens of Oakland at the ballot-box, on March 13th, 1876.

NOTICE!

DECLINING TO BE A CANDIDATE FOR City Marshal. Recently learning of so many requests for the nomination, after my friends being instrumental in announcing my name as a candidate, now wishing the success of the party, I am no longer a candidate. S. D. CRONIN.

Registration and Transfers!

ALL PERSONS DESIRING THEIR TRANSfers from other counties, or wishing information concerning registering, will call at the office of J. J. Hanifin, corner of Seventh street and Broadway, where Geo. E. Dean will be found to attend to that business. By order of the Republican City Central Committee.

O. H. BURNHAM, Chairman.

A Card.

THE KINDNESS DISPLAYED TOWARD ME by the citizens of Oakland when, after a very short, but unsuccessful canvass, they gave me so respectable a vote for the humble office of Justice of the Peace, in October last, inspires me with a purpose to appeal to their generosity again, and this time I trust successfully. In this spirit I promise that, if they will elect me to the office of Police Judge on the first Monday of March next, I will discharge the duties of the office with fidelity and with my best ability.

Respectfully, B. B. TAYLOR.

OAKLAND, Jan. 10, 1876.

The circulation of the TRIBUNE is more than double that of any paper published in Alameda County.

THE English people feel insulted because Minister Schenck quitted England for this country without taking leave of the Queen.

SPENCER'S bill to create a State Detective Force comes up for consideration in the Senate to-day. The special features of the bill have not been made public.

EX-SECRETARY of War Belknap was formally arrested at noon yesterday by the Chief of Police of Washington. His bail was fixed at $25,000. He was much depressed in spirits.

ORVILLE GRANT denies in the most positive manner the accusation that he has been connected with post traderships. The only one he was ever interested in was at Fort Peck. He gave up his interest in that a year ago after losing several thousand dollars.

A DISPATCH to the *Alta* states that the Committee on Impeachment has reported that the charges against Belknap was principally based upon the testimony of Marsh, and as that worthy individual has fled, it was not advisable to prepare and present articles of impeachment. It looks as though Marsh's escape had been assured before he testified against the Secretary.

THE case of Pinchback, which has occupied much public attention, was effectually settled in the Senate yesterday. A resolution to the effect that Pinchback was not entitled to a seat in the Senate of the United States from Louisiana was adopted by a vote of thirty-two to twenty-nine. Senators Sargent, Jones and Sharon voted in favor of Pinchback's admission.

IN the United States Senate, yesterday, Senator Cameron of Wisconsin presented the petition of over 16,000 persons in regard to secret societies. The petitioners declare their opposition to all secret organizations, and ask Congress to withdraw the charter granted to the Masonic Hall Association of the District of Columbia, and that a law be passed making it unlawful to appoint any person to office under Government who is a member of such organization, and that he may be challenged as a juror. Cameron, in presenting the petition, said he had been informed that the petitioners were residents of every State and Territory in the United States.

THE other day a sensational story was telegraphed by the Associated Press fiends all over the country to the effect that Attorney-General Pierrepont had compelled Mr. Storrs, senior counsel for the government in the prosecution of Babcock, to disclose the plan of the prosecution and the testimony to be used against Babcock. This report was taken up and commented upon by the press as another evidence of the total depravity of Grant's Cabinet. It now transpires that the statement was false in every particular. Judge Pierrepont emphatically denies it and Mr. Storrs asserts that he never exchanged a word with the Attorney-General on this or any other subject while in Washington just previous to the trial. The honest portion of the press of the Pacific Coast pay very little heed to the political editorials of the Associated Press, and are seldom deceived by the baseless, malicious reports which comprise the burden of the "news" furnished by that monopoly.

IN the House of Congress yesterday, the Committee on Appropriations recommended the transfer of the Indian Bureau to the War Department, which would effect the direct reduction of one million in the Indian Appropriation bill, and had the authority of General Sheridan for saying that it would effect a reduction of $350,000 more in the Appropriation bill. The committee had also recommended the abolition of fifty-three special agents of customs, because they were believed to be utterly inefficient or unnecessary, and would admit amendments to to be offered by the Chairman of the Committee on Invalid Pensions, Mr. Jenks, to transfer the Pension Bureau from the Interior to the War Department, by which the services of 300 persons could be dispensed with. The report had been reached by the Committee with great unanimity. There was no difference in the Committee in regard to the propriety of the reforms and reductions recommended. Mr. Holman, member of the Committee, said that the transfer of the Indian Bureau to the War Department would in no wise affect the efficiency of the agencies heretofore resorted to civilize and ameliorate the condition of the Indians.

AN OBLIQUE PARALLEL.

As an argument against the proposition to prohibit the teaching of foreign languages in our public schools, the Alameda *Independent* has the following, under the heading "A Parallel":

> The Germans in California, and the Polanders of the conquered provinces in Prussia and Russian Poland, are now simultaneously protesting against their children being prohibited from using their own language in the public schools. In Europe this is a very despotic measure, but here in free America it is transcendently democratic. How extremes meet!

As English is the national tongue of this country, and not the German, and as California is not a country of German-talking people conquered by an English-speaking power, we think the "parallel" drawn by our cotemporary a rather oblique one.

OUR TICKET.

It is of the utmost importance that good men be selected for the management of municipal affairs. The political creeds of those men are of minor importance and ought scarcely to enter into the canvass. The welfare of the city depends upon the fidelity of its officers; the welfare of either of the parties would not be affected by the defeat or the success of either. The TRIBUNE politically regards the numerous candidates for popular support with cold-blooded indifference, and selects those whose election it advocates with an eye single to the interests of Oakland.

In the choice of a Mayor, our citizens should elect a representative man, one who will honor the position rather than derive honor from it. He should be honest, fearless and intelligent. Such a man is John A. Stanly, our candidate for Mayor. In addition to his other qualifications, Judge Stanly's legal attainments peculiarly fit him for the position. There are likely to arise during the next year many intricate questions of law which will require the services of the best talent to secure and protect the rights of the people of Oakland. Elect Mr. Stanly, and the city gains an advocate and counselor, as well as a figure-head to the municipal government. The most prejudiced of Judge Stanly's opponents, the *Alta*, acknowledges that he is incorruptible. He is not an office-seeker in any sense of the word, which is another and strong argument in his favor.

For Police Judge we present the familiar name of A. H. Jayne. A man who has so long honored this important position needs no extended encomiums from us. Suffice it to say that Judge Jayne has made a faithful, upright officer. He enjoys the confidence and esteem of the entire community and will be re-elected.

For City Attorney we take pleasure in presenting the name of Henry Vrooman, deputy to the present incumbent. It seems altogether a work of supererogation to urge reasons why Mr. Vrooman should receive the endorsement of an election to an office for which he has already proved his eminent fitness—the fact being so generally known. He has, in fact, virtually been the City Attorney for the past two years, having performed all the labor. He has discharged the duties with intelligent and unflagging fidelity, paying a peculiarly close and constant attention to the interests intrusted to him.

Captain Horace H. Watson, candidate for Councilman from the Second ward, is a gentleman who can be safely entrusted with the interests of his immediate constituency and with those of the whole city. He is a native of Massachusetts, aged about forty-seven years; a commission merchant and a marine surveyor; is an old resident of the Second (north) ward, and a man whose interests are thoroughly identified with those of the people of Oakland. He is a man who enjoys, in an eminent degree, the confidence and esteem of all who know him, and his business qualifications and integrity are of the highest order.

Ferdinand Kluegel, candidate for Councilman from the Third ward, is a German by birth and a farmer by vocation. He has been a citizen of the United States for thirty-two years and of Oakland nearly a quarter of a century, being one of the oldest residents of the ward from which he hails. He is sixty years of age; a man of mature judgment, quick perception, high sense of honor, and is thoroughly identified with and devotedly attached to the interests of Oakland. Being a man of probity, ample means and large local interests, of spotless private character and the highest business qualifications and integrity, no man in the city could be more safely entrusted with local legislation.

William Sohst, candidate for Councilman from the Sixth ward, is a gentleman well-known and highly esteemed by all the older residents of Oakland, and to such it would be a waste of space for us to commend him. But to those not so familiar with the electric energy, the public spirit, the practical hard sense and Spartan integrity of Mr. Sohst, we would say that no man in the city would detect or jump a "job" quicker or fight it with greater fierceness or tenacity than would the honest blacksmith of the Sixth ward, should any job be attempted while he is a member of the Council.

Herman Cordes, the nominee for School Director of the First ward, will undoubtedly receive the support of a flattering majority. Mr. Cordes is a manufacturer and business man of the first class, and takes an active, live interest in all that appertains to the welfare of the city, as well as of his immediate neighborhood.

Mr. L. L. Alexander, Superintendent of the Manhattan Marble Company's works, and candidate for School Director of the Second ward, is eminently qualified for the position to which he has been named. Mr. Alexander is a man of liberal and advanced ideas and an unswerving friend of the public schools.

Mr. C. W. Kellogg has been renominated for School Director of the Third ward. During the past two years Mr. Kellogg has been one of the most efficient and hard-working members of the Board of Education. He is essentially the right man in the right place, and the people will see that he is retained.

WE were somewhat entertained yesterday, to hear an Oakland gentleman, formerly resident in Oregon, express his opinion as to the probable magnitude of the transportation business between Walnut Creek and Oakland, offering to pack the entire freight, butter and eggs included, with a train of thirty-five mules, for a period of two years, at the rate of one cent per pound. That sounds like a joke; yet it is not any more ridiculous than the glowing descriptions of the promoter of the O., B. & C. C. R. R.

A RAILROAD AVENUE.

Mr. Shanklin, of the City Council, suggested an idea in the discussions in that body upon the petition of the O., B. & C. R. R. for a right of way on Market street, which is worthy of serious consideration, namely: that a broad avenue, say two hundred feet wide, shall be opened through some portion of the city, and devoted exclusively to the use of all railroads coming within our limits. The probabilities are that in the future many railroads will be seeking rights of way to the water front. The objective point of the whole railroad system of this State, in the future as in the present, will be, and is, San Francisco—the commercial metropolis—and every railroad which approaches the bay, will aim to reach that city. If they go through our city it will be as the Central Pacific does — that is, using this city as a means to an end, and that end is to land their freight and passengers in San Francisco. This new scheme of the O., B. & C. C. R. R. has precisely the same object in view. If it is anything more than a scheme to provide hungry Mr. Kennedy with bread and butter for the next twenty years, as he pathetically told the Democratic Club, it is unquestionably the design and only design of the company to reach San Francisco by the most direct route possible. They admit this, when they say they will not build the road unless they have Market street and access to the water front. Oakland is nothing to them. San Francisco is all.

Should we not have some well devised system? A system which will be for all future time, and not merely the loose expedient of the hour. To-day it is Market street that is demanded. To-morrow a new company may ask for Webster street; the next day another will clamor for Broadway; and under the specious cry of public improvement, our fair and beautiful city will be destroyed and the tide of wealth and population which these sacrifices, it was hoped, would pour in our midst, will flow by to our neighboring city.

Why not condemn a street two hundred feet wide, through some portion of the western and least populated part of the city, at a point to be determined after mature consideration? Pay for the property taken, and then whenever a railroad company asks to come through this city, compel them to go on this street and pay their *pro rata* of its cost. This plan is feasible and more consistent with good sense and a proper regard for the great future of our city, than the childish folly of permitting an organization calling itself a railroad company to have just what it asks; to destroy a leading thoroughfare without the slightest guaranty in the world as to its good faith, and with no thought for the future. History but repeats itself. In 1869 we were oiled over and swallowed by the Central Pacific Railroad, and now we are going through the oiling process preparatory to being swallowed by a very small tadpole.

WHO RUNS THIS CITY?

We think the Republican party of this city made a mistake when they allowed their nominations to be manipulated so that candidates were obliged to pledge themselves in advance on local issues which have not been fully developed, and concerning the advisability of which, to say the least, there is a great diversity of opinion. There has been a good deal of buncombe ventilated recently on the question of railroad franchise, and a very evident intention and desire is manifested in certain directions to throw sand in people's eyes, by dealing in glittering generalities, for the purpose of hiding a possible cat in the meal tub. Many people have already concluded that party lines should not be maintained in local questions. That our endeavors should be directed towards the selection of the best men, regardless of politics. It is an acknowledged fact that the candidates for Mayor and Councilmen on the present Republican ticket have been unreservedly pledged to grant to the O., B. & C. C. R. R. a franchise whenever they may demand it, and the endeavor is being made to create a fictitious issue of Railroad or anti-Railroad. No such question is now under discussion in this city. The point is *who runs this town?* Shall every clique of individuals who may choose to organize themselves as a Railroad Company, under the leadership of a prompter or otherwise, assume the right to demand a steam franchise so located as to threaten great damage to the entire community, refusing indignantly to consider less objectionable routes, or accept anything but just what they may choose?—a franchise that is worth thousands of dollars to them, the granting of which will prove in addition to the great general damage, a direct and unprotected injury to individual property interests of not less than $150,000 to $200,000? Would it not be as well to elect good sound business men to our Council, who are *unpledged*, will take time to look into this matter, and will see that the public and private interests will be protected—men who have no political aspirations to influence them, and who while dealing liberally with all bona fide enterprises will be neither humbugged nor frightened?

LOOKING back a few weeks to the meeting of the Council, it argues very strongly against the Williams and Cameron people, when they say to the Council, "We will have Market street, or none!" If it has come to that point, when one or two speculative parties go before our City Council and dictate what shall be done, and demand that the city shall be made to contribute her choicest streets to aid in the enriching of these individuals, it is about time to abandon our city government altogether.

TWELVE hundred Turks attacked the Christian inhabitants of the town of Crupa last Sunday, murdering many and plundering shops.

INFORMATION WANTED.

During the last few days we have been endeavoring to make up our minds as to what the real object of Kennedy's railroad enterprise was. At first it was proposed to build a narrow-gauge road to Walnut Creek, for the purpose of furnishing convenient access to that portion of Contra Costa County.

Shortly after the names of Gen. Williams and Mr. Walker were connected with the scheme, and the gauge of the road was changed from narrow to that of the Central Pacific and it was whispered mysteriously that Tom Scott was the real mover in the enterprise; then that Gen. Williams wanted to build a road to Virginia City.

When objections were urged to granting right of way through the center of the city, on account of the great damage that would be caused to the main avenues that must necessarily be crossed at right angles, and when the danger and inconvenience the entire public would be subjected to became apparent, as well as the great direct damage to property on the avenue through which the track should be laid, it was then announced that it was intended to be a local ferry route, having stations at short intervals. Since the development of certain little differences between the C. P. Railroad and A. A. Cohen, it is whispered that this is part of his fight.

We have also heard it suggested quite frequently, that this dodge was gotten up by the C. P. Railroad people to obtain a right of way which they could not expect to get themselves. Also that the main object in view, was to get a good franchise, that would be worth coin to sell. Also, that as the last two or three financial enterprises organized by Mr. Kennedy had been "*promoted*" into the ground, the gentleman thought it expedient to try a new line.

We must confess that we give it up. Will the representatives of the O., B. & C. C. Railroad please take the floor and explain in black and white, over their own names, just what they wish to accomplish?

Since the year 1867, when we were so effectually mesmerized at Brayton Hall by the eloquent John B. Felton and others, and induced to sanction the giving away of our entire water front, some of us *old fogies* are a little shy of what Harry Linden used to call "chin music."

Probate Notice.

NOTICE IS HEREBY GIVEN THAT THE 8th day of April, 1876, at 10 o'clock A. M., has been, by the Probate Court of Alameda county, California, fixed and designated as the day when a hearing will be had in said Court upon the petition of John L. Beard, filed in said Court in the estate of Henry Durant, deceased, by which petition the said John L. Beard claims that said Henry Durant in his lifetime was bound by a contract in writing, by him duly executed and acknowledged, to convey to Elias L. Beard, by a deed of grant, bargain and sale, the following described land, viz: six forty-fourths (6-44ths) of Blocks Nos. 377 and 418, as laid down on Whitcher's official map of the city of Oakland; said undivided interest being equal to six 9-22 acres, of which contract he, the said John L. Beard, is, as alleged in said petition, the legal assignee and owner, and that all the purchase money for said land was freely paid to the said Henry Durant in his lifetime, and praying that the administrators of said estate may be decreed, authorized and required to execute a conveyance to said petitioner of the land in said contract described.

Given under my hand this 8th day of March, 1876. CHAS. G. REED, Clerk.

Call and see for yourself.

THE DEMOCRACY.

Committee Meeting Last Night—The Candidates all in Harness.

The Democratic City Central Committee and the nominees of that party held a meeting at the law office of J. C. Martin last evening—every member being present, P. McQuade from the First, S. D. Cronin, from the Second, Captain John Hackett from the Third, Jonathan G. Riley from the Fourth, A. P. Moore from the Fifth, Thomas O'Neil from the Sixth, and Leander Wintringer from the Seventh. The following nominees were also present: F. J. Brearty, for Police Judge; J. R. Price, for City Marshal; Kirk W. Brier, for School Superintendent; Captain H. H. Watson for Councilman, and H. A. Craig for School Director, from the Second ward, and F. Kluegel for Councilman from the Third ward. A number of other Democrats were also present.

S. D. Cronin of the Second ward was elected Chairman of the Committee; Jonathan G. Riley, of the Fourth ward, Secretary, and Armstrong P. Moore, of the Fifth ward, Treasurer.

Judge Stanly, being confined to his bed by illness, was represented by Thomas Yolland, who signified the Judge's formal acceptation of the nomination.

Rumors having been circulated to the effect that Kirk W. Brier would not accept the nomination for Superintendent of Public Schools, that gentleman appeared before the Committee and formally accepted the nomination, and in a brief and manly speech explained his theretofore seemingly anomalous position; he had been urged to go before the Republican Convention, but had declined to do so; and forbade the use of his name there unless he was personally present, and he purposely remained away. When urged by both Democratic and Republican friends to allow his name to go before the Democratic Convention, he had reluctantly consented, and if elected he would devote his time and best energies to the faithful performance of the duties of the office. As to his Democracy, he had voted for Governor Haight, but could not go Greeley. [Laughter.]

After the appointment of an Auditing Committee, a Committee on Printing, and a Committee on Carriages, and the transaction of other business, the Committee adjourned to meet again at the same place to-morrow (Friday) evening, at 7 o'clock sharp.

POLICE COURT.

Petty Cases Tried Before Judge Jayne this Morning.

An unfortunate sufferer from the horrors of delirium tremens, was convicted on a charge of "drunk," and sentenced to three days' imprisonment, to enable him to wrestle with the foe.

Seven or eight common vagrants who were convicted of sleeping in barns and outhouses, were ordered to appear for sentence this morning.

HORRIBLE GALL.

Peter Henderson was convicted of disorderly conduct and begging, and will be sentenced to-morrow morning. This genius has been arrested repeatedly for the same offense, and always comes up with a new name. He has about a dozen aliases. His style of business is to call boldly on the lady of the house, or some female domestic, and ask for money or something to eat. In case of refusal he invariably rains a torrent of abuse upon those who thus offend him.

U. S. Circuit Court.

In purnance to the Act of Congress fixing the time of holding the terms of the U. S. Circuit Court in the Districts of California, Oregon and Nevada, approved February 18th, 1876, the terms will be holden as follows: For the District of California, on the first Monday of February, second Monday of July and fourth Monday of November in each year; for the District of Oregon, on the second Monday of April and the first Monday of October in each year; and for the District of Nevada, on the third Monday of March and the first Monday of November in each year. This Act took effect March 1st, and it provides that where a term had commenced it shall be lawful to continue such term until the time for the commencement of the first term under the new Act.

Wade's Opera House.

The programme last evening included the amusing comedy of "Not Such a Fool as He Looks," and a brilliant ballet, in which Mademoiselles Eugenie Lupo and Cora Adriana appeared. The comedy went off in first-class style. It will be repeated this evening. The beautiful spectacular piece of "The Flying Islanders," with new and splendid scenery, costumes and stage effects, is announced to be shortly produced. The piece will be got up in elaborate style, with the company strengthened by fresh talent from the East. To-morrow evening Wachtel will appear in the opera of "The Woman in White."

Republican Meeting.

Some forty odd staunch and prominent Republicans assembled at Armory Hall last evening, and after a calm discussion of the matters involved in the coming municipal election, and a thorough review of the field, unanimously indorsed the nomination of Judge Stanly for Mayor, Ferdinand Kluegel for Councilman, from the Third ward, and Captain H. H. Watson for Councilman from the Second ward. A committee was appointed to wait upon other nominees, and the meeting, after resolving itself into a working Committee of the Whole, adjourned.

New Bakery Enterprise.

Messrs. Miller & March have started a new bakery at 709 Broadway, and also opened a branch establishment on Broadway opposite the City Hall. They are determined to secure a large share of Oakland's patronage, by furnishing the best of bread at the lowest rates. Cakes, pies and confectionery of all kinds on hand and made to order. Wedding and dinner parties supplied at the shortest notice. Give the new firm a trial.

Registered Letters.

The following named persons will please call for their valuable letters without delay at the Oakland post-office, or they will be forwarded to the Dead Letter office at Washington, D. C.: Mrs. E. Martin–2, Miss O. Callaghan, James D. Campbell, John F. Curren.

OUR REPORTS.

How the "Tribune's" Enterprise is Appreciated.

The *Independent*, published at Washington, in the southern portion of this county, like hundreds of others of our readers, both in city and country, appreciates the TRIBUNE's enterprise in giving intelligible reports of the proceedings of the Board of Supervisors, City Council, Board of Education and other public meetings, and pays us the following compliment:

We are indebted to the enterprise of the Oakland TRIBUNE for a synopsis of the proposed Road Law, which a majority of the Supervisors adopted last Monday, and have since sent up to Sacramento, recommending that our delegation procure its passage for Alameda county in the place of all other road laws whatever. This synopsis appears to-day in the Supervisors' proceedings in another column. Mr. Overacker, the Supervisor for Washington Township voted against it, and tried to have that fact appear upon the record, but was overruled in this, and not only got a verbal promise from one of his fellow members, that he (that member) would personally state his (Overacker's) objection to the bill, when it should be handed to the Alameda delegation in the Legislature. This is rather a high-handed style of doing business. We may here add that these facts do not appear in the official account of the proceedings, published in the *Transcript* alone, and paid for therein by the Board out of the County funds. Neither the Road Law nor yet a synopsis of it has ever come officially before the legally favored readers of even that official organ; thus leaving them, too, outside "in the cold," as well as all the other inhabitants of our county. Yet this bill is of more importance to the welfare of our citizens than twice forty reports of such little private details of personal matters as actually appear in the officially published report of the Supervisors' proceedings.

GHASTLY AND GHOUL-LIKE.

A Pestilential Breeze from the Foot of Market Street.

The attention of the City Marshal is respectfully directed to an objectionable state of things at the foot of Market street, which perhaps by a little judicious wrestling he may be able to remedy. People residing there and on Third street in the vicinity complain to us that the lagoon is made the general place of deposit for quadrupedal cadavers, and that the petrifying carcases of departed dogs, deceased goats and defunct cats are lying about there in disgusting profusion. This matter ought to be nosed into. It is not right that our innocent domestic animals who have played their little brief hours on the Oakland stage of existence should be left to the ignoble use of merely evolving miasmatic effluvia and breeding disease and pestilence. We deprecate such a reckless and extravagant waste of choice animal matter, and respectfully recommend that these luscious corpses be either fed to our dainty Chinese epicures or utilized by cod-liver-oil manufacturers. If not, let them be decently interred, or else dragged to some "waste and desolate place," to become food for

"Obscene ravens, clamorous o'er the dead,
Who feed where Desolation first has fed."

In addition to the grievance above set forth, the afflicted residents of the ill-used district complain that the lagoon there has become the chosen pool for the baptism and regeneration of uncleanly night-carts, which pollution they claim is in violation of the ordinance.

Windmill Incorporation.

The Turbine Windmill Company of Oakland has filed articles of incorporation with the Secretary of State. This company is successor to the Dexter Windmill and the A. H. Southwick Turbine Windmill companies, Mr. Suthwick being the inventor of both mills. Capital stock, $10,000; divided into shares of $10 each; President, A. Landon; Secretary, W. W. Landon; Trustees, A. Landon, W. W. Landon, A. H. Southwick, E. T. Flint and J. Deming. The office of the Company is at 416 Ninth street, and the manufactory is located on Second street, between Washington and Broadway. The new windmill combines all the excellencies of both patents, and is the most simple and efficient piece of mechanism of the kind ever devised, being especially adapted to use where the prevailing winds are light.

Money Movement.

The shipments of treasure this week have been as follows to Hong-Kong:

Gold Coin	$1,775 00
Trade Dollars	85,828 00
Mexican Dollars	65,339 20
Total	$152,942 20
Previously this month	55,937 93
Total	$208,880 13
Since January 1	4,670,700 65

No report this week from Wells, Fargo & Co., of the overland shipments of treasure. Hereafter statements will be furnished the press from that office only on the 1st and 15th of each month. The reason assigned for this change is that shippers object to the publicity given by the weekly reports, which allows parties at the East to anticipate regularly by telegram the transfers of treasure from this city.

Coal.

Messrs. Freeman & Jaffe, successors to Chappellet, Miner & Smith, Eighth street, between Broadway and Franklin, are now receiving consignments of the best quality of coal, as follows: Scotch, by *Winfield Scott;* Wellington, by *Rough and Ready;* and Sidney, by *John Frederick*. For sale in lots to suit.

Metropolitan Airs.

The usually quiet village of Hayward went wild over its incorporation last week, and last Saturday night a burglar, perhaps just to test the efficiency of the new Police Department, "went through" the Hayward Hotel and appropriated everything of value that he could pack away.

JUST RECEIVED, A FINE INVOICE of Dwarf Book-Cases; also, extra fine Parlor Suites—new patterns. Sold at less than San Francisco prices. Oakland Furniture Warerooms, 1105 and 1107 Broadway.

Messrs. Dunham & Lathrop's New Photographic Art Gallery, at No. 1157 Broadway, west side, between Thirteenth and Fourteenth streets, near the City Hall, is now open to the public. This is the only photographic establishment on the Pacific Coast, fitted up in first-class style, where everything is on the ground floor, altogether dispensing with an "elevator" or stairs. Every style of work known in the business is here executed in admirable style, including the new promenade and gray vignettes. Special attention given to children's pictures, locket work, copying and enlarging. View work will also receive special attention. Terms always reasonable.

BACON'S PALACE OF SWEETS, 965 Broadway, is the place to get a box of fine home-made or French Candies. They are received daily, per Bacon's Express, from five of the most prominent makers in San Francisco.

Weather.

The weather has been mixed to-day—clear, cold and cloudy, but no rain. The overland trains are taking a rest. The road is buried between Alta and Emigrant Gap, and two snow plows and fifteen locomotives are plunging away at the drifts. At Blue Canyon the snow is thirteen feet deep on a level, and has drifted in places to the depth of sixty feet.

In the Field.

The full Democratic ticket appears in the advertising columns of the TRIBUNE this afternoon, and as all the nominees thereon have signified their acceptance, there will be no changes or withdrawals—no backing out by any of them—whatever rumors to the contrary may be circulated.

Rainfall.

Thirty-five one-hundredths of an inch of rain fell between 7 o'clock yesterday morning and the same hour to-day, bringing the rainfall for the season up to 26.53.

Going East.

J. V. B. Goodrich, late County Clerk, intends starting for the Eastern States as soon as the snow blockade on the Sierra is raised.

New Cigar Stand.

THE RAILROAD QUESTION.

Further Argument Against the Confiscation of Market Street.

EDITOR TRIBUNE—SIR: For your courteous reception and notice of my previous letter, accept my thanks; for your manly declaration of a desire to hear both sides of a question, and to give fair play, you deserve and will receive more than thanks, the approving commendation of an intelligent community.

In my previous letter on the proposed steam railroad through Market street, I endeavored to maintain,

First—That the text of the bill, as introduced in the Legislature, was wanting in all the safeguards usual in such grants, and an abandonment to a few shrewd and

UNSCRUPULOUS MANIPULATORS

Of property rights and value, which once carelessly parted with could never be regained.

Second—That the experience and practice of other and older places, instead of being favorable to such grants, as persistently alleged, are almost universally opposed to them. And

Third—That Oakland, which during the last ten years, in consequence of her natural attractions and proximity to San Francisco, has increased faster in population than any other town in the State, would, under the

CHANGED CONDITIONS

Insisted by the scheming and noisy faction who advocate the measure, soon become what Jersey City is to New York—the mere vestibule of the metropolitan city; the dirty, smoky, grimy doorway through which many and much would pass, but none care to stay.

In the present communication I wish to point out that course which I take to be our true policy; and, in doing so, permit me to say that the bluster and effrontery of those who assert that the whole people are in favor of the present proposition, and that none but "Central Pacific hirelings" are opposed to it, are rash and severally grossly untrue.

The writer of this letter is a larger property owner in the City of Oakland than any one of its hasty advocates, though having no pecuniary interest on Market street. Still as one who has

THE WELFARE OF THE WHOLE CITY

At heart, I cannot indolently stand by and see what I conceive to be a grave mistake committed without raising my voice in warning.

The petition apparently so extensively signed and paraded, I take to be simply an expression in favor of railroads; and this brings me to the very first of my argument. I take it for granted that "will we, nil we" railroads are certain to come to the water front of this city; that Oakland, by the very force and fact of her position is inevitably the pivot of the railroad interest of the State.

THE QUESTION

Then arises, how can she best fulfil the destiny imposed upon her, with a proper regard for her own interest?

As I consider it, Mr. Shanklin struck the keynote to this question, when in the Council chamber he stated, "That an avenue or avenues should be provided for this purpose by the city, on which not one alone, but all railroads should be required to enter." And this, Mr. Editor, is also my deliberate opinion. We need not attempt to repress the incoming tide, but like wise men looking forward from the present to the future so endeavor to guide the flood, that it shall benefit instead of

CRIPPLING US.

To this end, before giving further privileges, let a commissioner be appointed to determine what is necessary, and where the best approaches can be located, both from the north and southeast. Then let wide avenues of ample width be condemned and paid for, and planted on both sides and even through the center with trees, and all steam railroads be compelled to use those and those only on which to lay their tracks.

A clearly defined policy like this will be best for all parties, and remove from the citizens the fear which at this moment is fastening on their mind, viz.: that

NO MAN'S HOUSE IS NOW HIS CASTLE,

But that we are each and all of us liable at any moment to have sprung upon us by any impudent and reckless adventurer, some scheme which under a plausible and flimsy pretence of public advantage, is really but the shallow covering of a "trick, a delusion and a snare." There is

ANOTHER ASPECT

Of this case which I feel impelled to touch upon, though in doing so I acknowledge to the delicacy of the ground I tread upon. It is in respect to that legally undefined point where individual rights are supposed to become merged in public necessities.

As I read history, and carefully mark the insidious approaches of power upon what our forefathers termed "the inalienable right" of the individual, I find that the tyranny of the Communist is as destructive to true liberty as is that of the imperial usurper. And what but

COMMUNISM.

Is implied in the pretended right of the dweller in East or West Oakland, or any other outlying street, to petition the Legislature to grant away another "inalienable right" in injuring his property on Market street, under the pretence that it is for the public good!

If the advocates of this preposterous grant will offer any tangible argument in its favor—anything beyond impudent assertion or transparent mendacity, I shall be happy to meet them fairly and frankly. Whatever is best for Oakland, is best for me.

VERITAS.

Blockading Sidewalks.

EDITOR TRIBUNE:—Your editorial touching upon our business men piling their goods and boxes on the sidewalks of our main streets, was in good time and right to the point. Particularly is this the case as regards Seventh street, between Broadway and Washington streets; and the greatest nuisance of all, in my mind, is the bootblack stand in front of Searing's saloon, and also the one in front of the barber shop. Here it is that every day people are crowded off of the sidewalk in passing along by these bootblacks, who seem to have no regard for others. If there is a law against this let it be enforced; if not, our City Fathers should pass one to that end. Hoping you will give this a space in your valuable paper, you will oblige a good many CITIZENS.

DESERVED SUCCESS.—IN A REcent visit to the manufactory of the YERBA BUENA BITTERS, 65 New Montgomery street, we were surprised to learn of the increasing popularity of this new cathartic and regulator. The capacity of the establishment is taxed to its utmost to fill the orders that are pouring in from all quarters. Messrs. Williams & Co. have just shipped per *City of Peking* a large order to Calcutta, India. Messrs. Duke & Co. of that city having solicited, and been appointed General Agents for that country, not only for the Yerba Buena Bitters, but for all of the remedies manufactured by Messrs. Williams & Co. We were also shown an application from Messrs. Dluece & Ludwig, for the general agency of continental Europe for these remedies. It seems really wonderful that a simple remedy made from the productions of California, should, in the space of two years, have attained to such a wide-spread popularity. From present indications, the time is not far distant when the Yerba Buena Bitters will be in other lands, as it already is upon this Coast—*a household necessity*. We have yet to see the first person who has used them, who did not fully indorse and recommend them. Prepared as they are from nature's own laboratory—the field and the hillside—they may be taken by all classes of patients at any and all times with perfect safety. Strictly speaking, a medicine and not a beverage, they are as pleasant to the taste as many of the fancy fashionable drinks of the day. We congratulate the proprietors upon a success, that while it confers substantial benefits upon themselves, is also a blessing to suffering humanity.

SOMETHING NEW!

CHURCHMAN'S IMPERIAL Baking Powder.

THE PUREST AND BEST.

THIS POWDER IS THE RESULT OF EXtended scientific experiments, supplemented by the most thorough practical tests; hence its unrivaled excellence and consequent popularity. The attention of dealers, as well as of consumers, is called to the following summary of its merits:

1. It is composed of the best and purest materials, containing neither alum, crude argol, chalk, terra alba, carbonate of ammonia, nor any other of the unwholesome adulterants in common use among unscrupulous manufacturers for cheapening the production of Baking Powder.

2. Its chemical constituents, unlike those of most other Baking Powders, are such as enter into the structure of the physical organism, thereby promoting health and strength, instead of clogging the system with inert substances.

3. Its elements are so nicely proportioned and thoroughly incorporated by the most approved steam machinery, being used for the latter purpose, that perfect neutralization of the chemicals is secured, and hence, no free soda or other alkali is left in the articles of food leavened by it.

4. It will not discolor the whitest flour or other ingredient, nor impair the most delicate flavor.

5. It is unexcelled in reliability, efficiency, and economy, when properly used in connection with good flour and like ingredients.

6. If securely protected from moisture by enclosure in a suitable receptacle, as a bottle or tin canister, it will remain good for any length of time.

Rationale of Baking Powder.

In the employment of Baking Powder, or any equivalent thereof, the carbonic acid gas set free by chemical reaction among its constituents in a state of solution, is the direct agent of levitation, and the purer the chemicals the more rapid is the liberation of this gas. Therefore, the grand secret of success with a strictly pure Powder like the "Imperial," will be found to lie in a prompt utilization of the leavening gas before it escapes from the dough or other mass in which it is generated. Failures are due to ignorance or neglect of this essential principle, and are not justly chargeable to imperfection in the Powder used.

OAKLAND, February 26, 1876.

To the Honorable, the Legislature of the State of California:

GENTLEMEN:—The undersigned, legal voters of the City of Oakland, Alameda County, respectfully petition your Honorable Body to grant the franchise asked by the "Oakland, Berkeley and Contra Costa Railroad Company," as per bill presented by Hon. D. W. Gelwicks, and your petitioners will ever pray, &c.

TO MY OLD PATRONS.

I ONCE MORE OFFER YOU MY VALuable services, if you are so unfortunate as to require them. With a mind matured and enriched by studies of an advanced order, I can safely say that there is hardly a disease in the catalogue of human ills that I cannot treat to a successful issue. LADIES—I am always ready to assist you. My past knowledge has been increased by extensive experience. I am now able to treat you with the certainty of success. No case peculiar to your delicate organism is beyond my sure control. My Female Monthly Medicines are superior to any offered heretofore, and will be warranted to have the desired effect in all cases.

Those of the public who need my service, can depend upon gentlemanly, honorable and scientific treatment, at reasonable rates.

Persons afflicted can, if they prefer, consult me by letter, detailing the symptoms of the DISEASES or TROUBLES, and receive medicines by Express with full instructions. All letters must be directed: J. H. JOSSELYN, M. D., 226 Sutter street, San Francisco, California. Cure warranted in all cases or no pay required. Consultations, personally or by letter, gratis. Send for book.

Comfortable apartments for patients at my Infirmary (when desired) with experienced nurses.

Consultation Parlors—226 SUTTER ST., adjoining the Young Men's Christian Association Building.

Office hours from 9 A. M. to 8 P. M.

My Diploma hangs in my office.

Oakland's Pleasure Resort!

PIEDMONT SPRINGS,

—OF—

Cliff House!

—OF—

OAKLAND.

PIEDMONT SPRINGS IS PICTURESQUELY and peacefully situated some three miles from Oakland, upon the hills, free from fogs and dampness, where the rarified clear atmosphere affords an extensive view of all the surrounding country, the bay and city of San Francisco and the Golden Gate. For a scenic view it is unsurpassed; as a health resort it is unequalled.

The House has been renovated and refurnished, and many additions made for the comfort and pleasure of guests. [illegible] Summer boarders given the best of accommodations. The Culinary department in charge of an accomplished cook, and the Bar contains the choicest of Wines, Liquors and Cigars.

Several roads lead to the Springs, but the best routes at this season of the year is via Broadway or Telegraph avenue. [illegible] The best of attention will be [illegible] to guests, and pains taken to please everyone.
